

BRAIN FRAME

Affordable Expert GRC Value – Flexible & Community Driven

WWW.BRAINFRAAME.COM

Who is Brainframe?

CONCEPTION

Brainframe started as a one-man project in Luxembourg to devise an **inexpensive solution** to **effectively counter** the typically expensive and complex-process driven solutions for the digital enterprise.

With the driving force of a **recognized GRC expert and CISO** - seeing how enterprises are increasingly impacted by expanding regulations and cyber risks – the Brainframe solution constantly provides proof to **be highly cost-effective** with **intuitive usage and automation concepts** for an entire organization.

MISSION STATEMENT

We are **democratizing GRC** by making it available to any size company and **digitalize, centralize and remove all inefficiencies** in security, compliance and regulatory work while bringing professionals closer together to **standardized excellence** in an **all-in-one management system**.

BRAINFRAME EVOLUTION

Today, Brainframe has a **dedicated R&D team** and a **(local) deployment services and consultancy force**.

The **Brainframe GRC SaaS platform** is a successful reference solution for both consultants and end-customers alike, with a **zero-churn** and a strongly growing customer base in the IT services and GRC domains.

With continuous **expert user** influenced improvements from an **operational user community and customer closed loop feedback**, the focus is always on offering direct value via a pragmatic cost-efficient software deployment.

This approach allows to **include AI and GRC 5.0 technical evolutions** to stay on the crest of the digitalization wave.

Agenda

Brainframe Understands your GRC Challenges

RESOURCE INTENSIVE OPERATIONS

- Too many isolated tools in use to get the job done
 - Missing digitalisation (Excel/Word)
 - Inefficient company governance without key stakeholder alignment

CYBER SECURITY ISSUES

- Increasing (cyber) risks not identified/quantified/managed
 - Difficult to decide what to prioritize work & how to follow up
 - Overspending on security due to missing focus/best practice

GRC MANAGEMENT COMPLEXITY

- Lack of essential business asset identification/protection/management
 - Difficult to understand asset/risk/policy dependencies
 - Challenging to efficiently manage multiple suppliers
 - Limited knowledge retention & asset/process documentation
 - Missing standardisation in compliance work and processes

OVERWHELMING REGULATORY COMPLEXITY

Agenda

All-in-One Solution

A first of its kind **management solution** combining **ISMS, GRC, QMS and DMS in one single platform** for an efficient establishment, implementation, maintenance, collaboration, certification and continuous improvement of **any framework, regulation or standard** with quick access to **trusted specialists**.

A **modular** platform that can effortlessly **scale out** in both **volume and functional scope** dimensions.

Automate Process Flows with Intelligent Forms

Request forms

BRAIN  FRAME

- Let others start workflows and processes using our online forms - don't chase them.
- Use your own Word/Excel documents as forms to be filled out or use simple Q&As.
- Embed forms into your own intranet/website.
- Auto-calculate risks based on replies received.
- Send out recurring document requests for your evidence collection.

Easily Track your Compliance Maturity Visually

Make Document Distribution Easy and Automatic

Document distribution

- Send your policies and procedures to staff & suppliers per mail without login for online review & approval.
- Track multi-version auditable approvals per document.
- Centrally track progress.
- Continuously monitor document acknowledgment status.

Internal Tool for Process Flow or Diagram Design

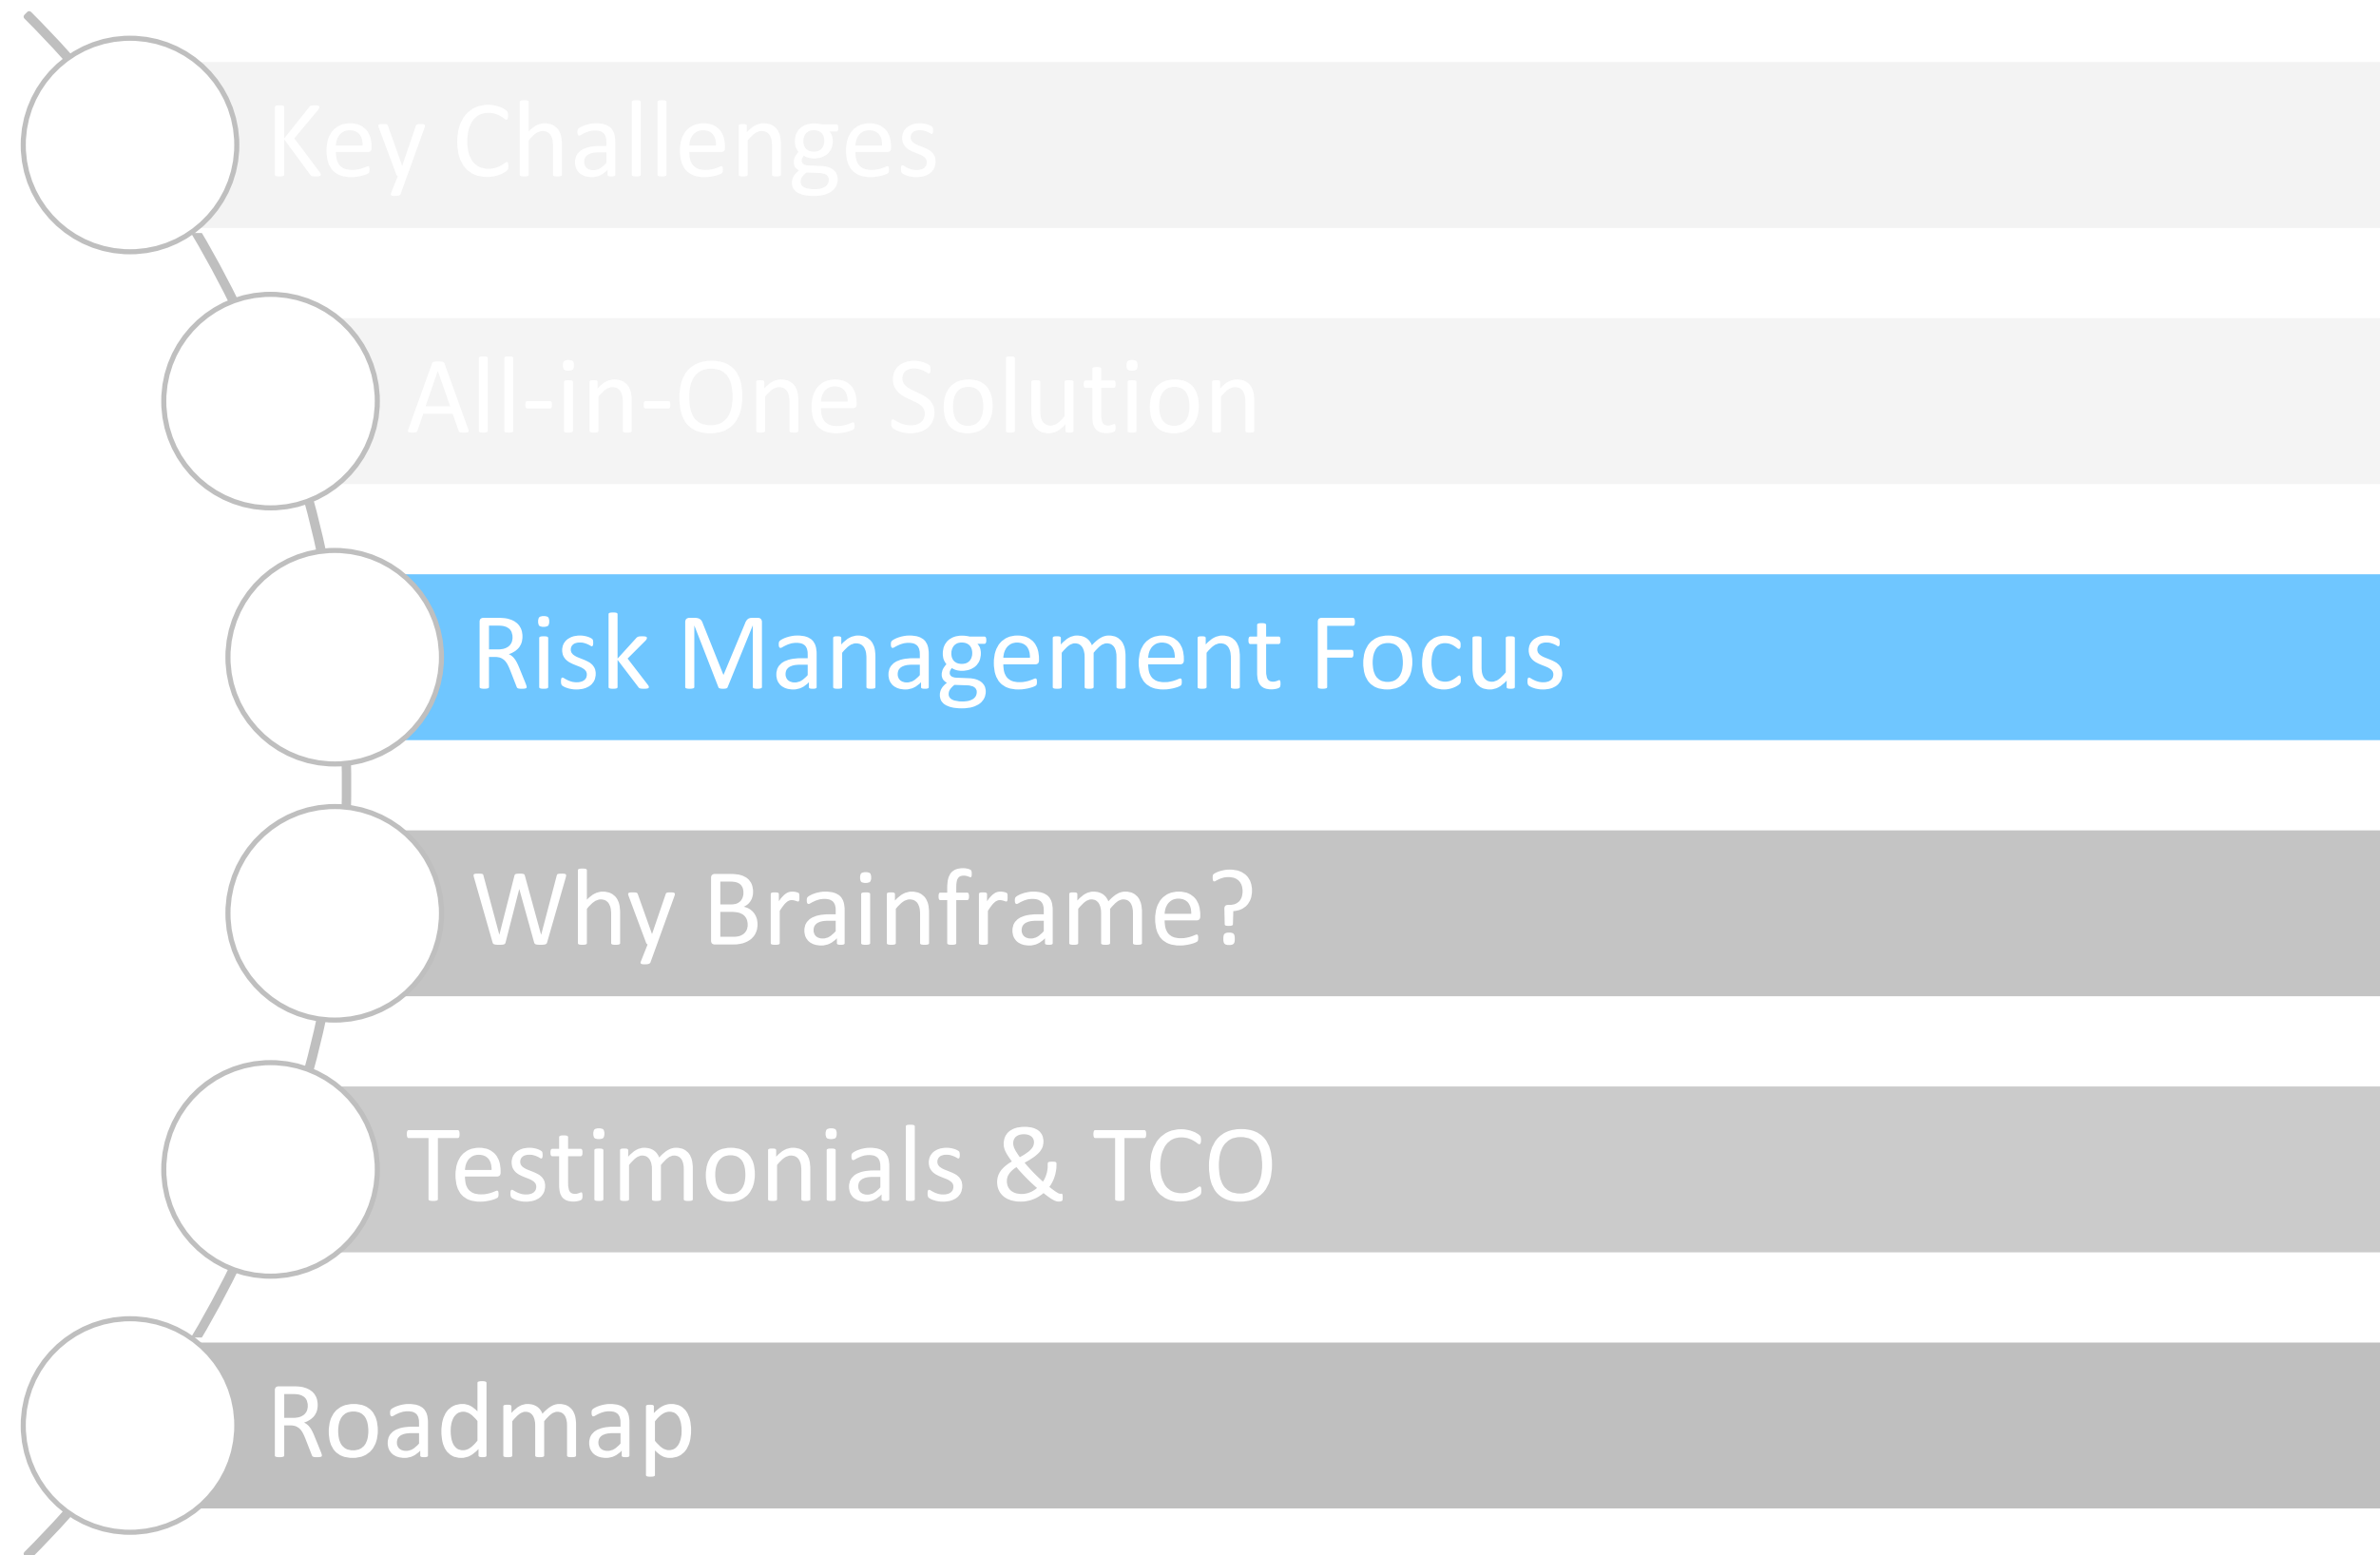

Diagram editor

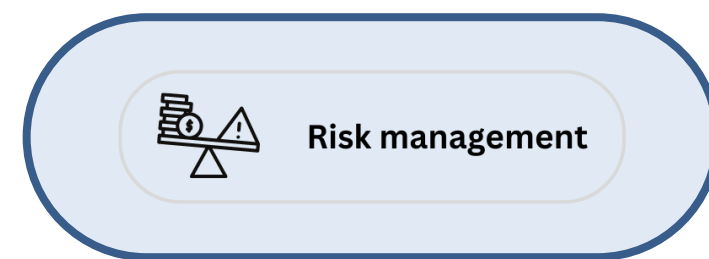

- Quickly draw any process/diagram flow.
- Duplicate or Adapt Existing flows.
- Allow Draft and Published versions.
- Officially Track diagram versions.
- No more external tools needed.

Agenda

We Help You Keep the Focus on Actual Risks

The ultimate purpose of a GRC solution is to **efficiently identify, reduce and/or eliminate actual risks** that can impact your business. Using our **visual asset dependency representation and auto-documentation**, combined with **context aware risk views** (per product/department/...) and a **built-in task management with automatic risk evolution/prediction**, we bring a new approach on how to efficiently manage risks.

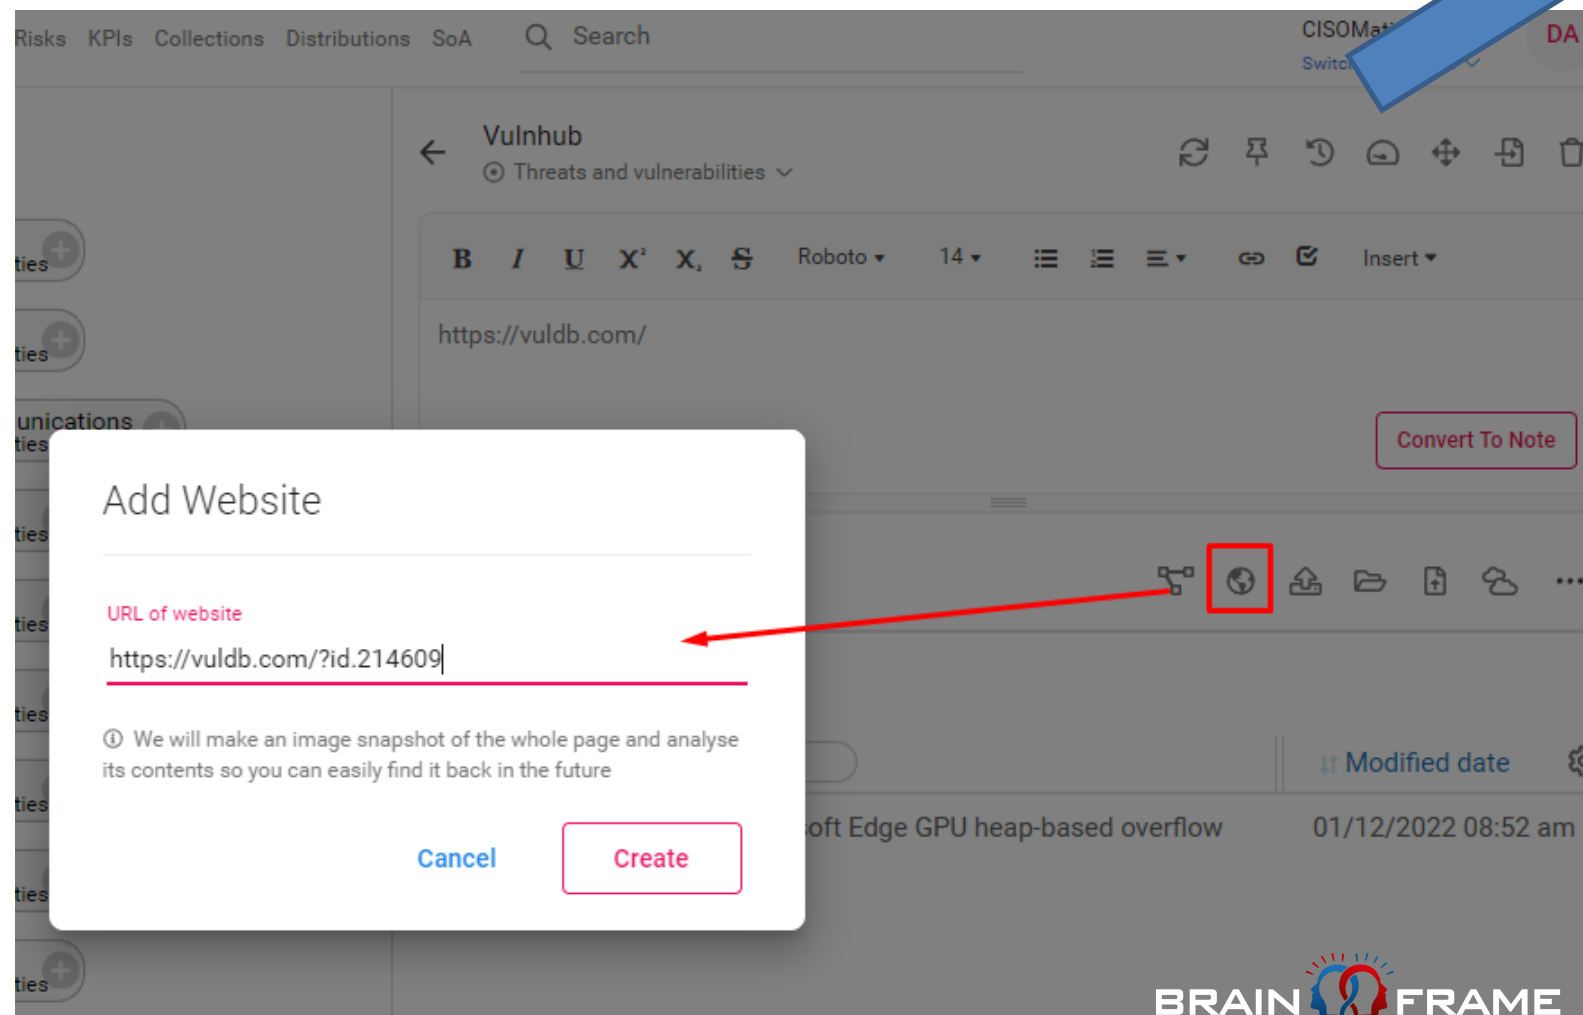

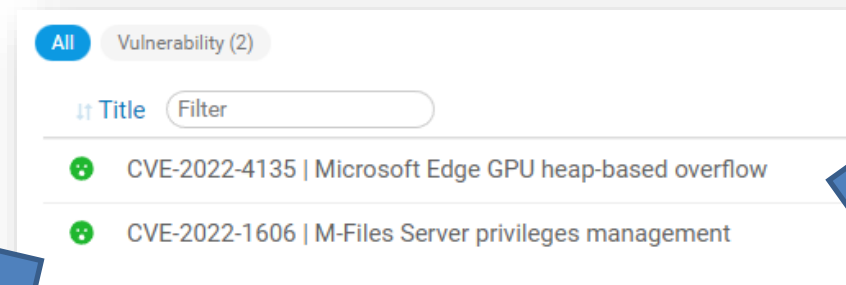

Simple & Effective

On our roadmap

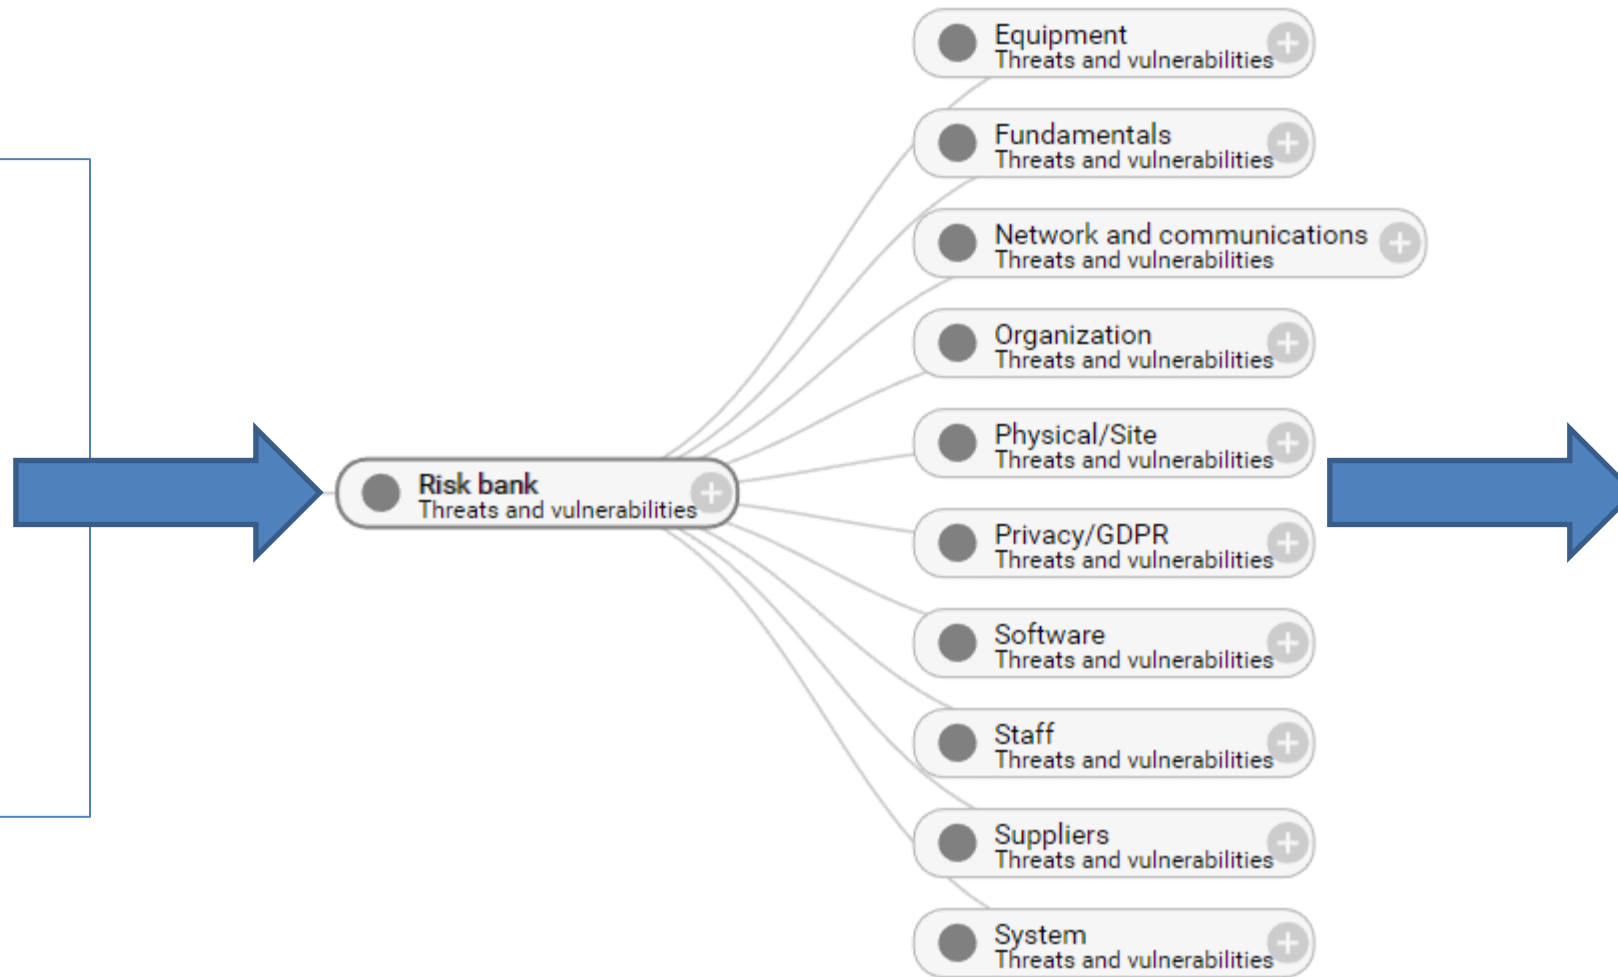

- Manage multiple risks types (eg CIA, Suppliers, Employees, Non-conformities, Stakeholders, ...) with self defined measures/properties.
- Intuitive 5x5 risk matrix with quick view on remaining work and risks that need to be reviewed.
- Directly map your risks to framework requirements.
- Track risks and related work on Kanban boards that can be fully aligned with your process.
- Automatically calculate risks based on questionnaire form replies.
- Financial/Quantitative risk management.
- AI assisted risk identification & documentation.
- Cyber defense matrix mapping of controls to quickly identify gaps on your assets.
- Automated replies to security questionnaires you receive.

KPI OVERVIEW

$f(x)$

COMPLEX FORMULA

TARGETS & TRENDS

Agenda

Why Brainframe?

Brainframe takes away the complexity - and anxiety - of GRC tasks with an operational implementation that puts the user experience and ease-of-use first. User benefits come directly from an embedded intelligence (continuously adapted from field experience and regulations), process automation with templates and AI-driven logic. Onboarding services are strongly reduced via straightforward integration embedding existing available documentation and connecting to existing platforms.

Brainframe empowers CISO and risk management professionals in their duties and assures GRC success across the entire organization from day one.

Customer is Gold

- Small company = 100% customer focus. ALWAYS!
- Any type/size/compliance state is readily supported
- You define our agile roadmap
- Non-Disruptive onboarding (come as you are!)
- Cloud or self-hosted for more control

Cost Effective

- Integrated All-in-one solution
- All modules included (don't compromise on security/quality)
- Company based pricing (no user pricing)
- Focus on saving time, reducing costs and minimize risks

Value Focus

- Feature-Rich product with intuitive navigation
- Focus on risk reduction
- Value for In-house specialists AND Consultants
- Knowledge retention
- Keep all corporate and functional levels close to the IT security and compliance reality

Agenda

Brainframe Customer Testimonials

Brainframe is on the market since early 2022 and is proud of its growing customer base of **30+ companies in different domains** (fintech, governments, insurance, healthcare, MSP, consulting, IOT, security, ...) with **ZERO CHURN** to-date!

This accounts for **more than 500 satisfied and succesfull users that interact with our service on regular basis to improve and control their GRC.**

*“Brainframe is the solution I wanted to work with at the start of my career, because it allows me to **easily manage all the tasks that fall to a CISO**. In terms of compliance, the controls carried out and the evidence of these controls, all our assets and the risks associated with these assets, are **all in one place**.*

*Thanks to the **flexibility** of this solution, I've been able to continue using and centralizing my existing documents. This centralization has enabled me to **save many hours in managing our GRC program**.*

*The **Brainframe team listens to our needs and thinks along with us at a management level**, providing advice on best practice while implementing the new features we request very quickly.”*

Jean-Yves MATHIEU
CISO NATIXIS BANK

*“As a consultant, time is money. Using Brainframe **saves many hours per week** by centralizing all the management in one place.*

*We were able to **implement our own methodology** and way of working into the platform allowing us to keep a strong competitive edge while at the same time standardizing our way of working with all customers and significantly **reducing the onboarding time** for new clients.*

*I love how quickly the product is evolving, constantly **adding new features** that make sense **without additional costs/upselling.**”*

Luc COTTIN
CISO Rcube, CEO Rsecure

Use Case – Natixis Bank

Brainframe was chosen by Natixis in early 2022, with the main aim to fully digitalize the GRC program of the bank.

In less than 30 days their key GRC processes were migrated to Brainframe thanks to the support of our GRC experts

Targeted issue(s)

Missing digitalization

- Difficult to manage multiple certifications/standards/regulations COST ↑
- Challenging to align management teams COST/RISK ↑
- No clear view on risk/compliance status RISK ↑
- Time consuming document approvals and other process implementations in the field COST ↑
- Difficult to manage/delegate/track tasks, risks and non-conformities COST/RISK ↑
- Challenging to properly document/understand assets and their dependencies COST/RISK ↑

Solution

Brainframe GRC platform

- Holistic GRC management solution
- All you need to manage in one Digitalization
- Compliancy visibility & Maturity Level
- Unique everything-is-a-document approach

Value for Natixis bank

Risk & cost reduction

Direct benefits

- Fast import and integration of existing documentation COST ↓
- Context aware view of tasks/risks/non-conformities RISK ↓
- Simple + effective risk management & prediction RISK/COST ↓
- Easy-to-use tool for internal/external managers COST ↓

Indirect Benefits

- Self hosted allowing us to fully protect the way we want RISK ↓
- Top-notch DMS system COST ↓
- Automation with forms to bring information to CISO/DPO RISK ↓

Use Case – Rcube, Rcarré & Rsecure Luxembourg

Brainframe was chosen by Rcube, Rcarré and Rsecure consulting in early 2022, to help scale the management of multiple customers

Today they manage the GRC work/documentation for whole Rcube and many customers in a standardized way using Brainframe

Targeted issue(s)

Missing digitalization

- Missing standardization among customers
- Challenging to switch context between multiple complex customers
- No central view for customer and us to track progress on tasks/risks/non-conformities and other works
- Onboarding of new customers is time consuming
- We had no “continuous link” with our end customers
- Difficult Evidence collection and audit traceability

COST ↑

COST ↑

COST/RISK ↑

COST ↑

COST/RISK ↑

COST/RISK ↑

Solution

Brainframe GRC platform

- Multi entity GRC management solution
- All you need to manage in one Digitalization
- Compliancy visibility & Maturity Level
- Unique everything-is-a-document approach

Value for Natixis bank

Risk & cost reduction

Direct benefits

- Low time to value for our customers due to fast onboarding

COST ↓
- Clear view on risks/non-conformities per customer

RISK ↓
- Easy delegation/follow-up of tasks to customer

RISK/COST ↓
- Standardization of compliance work

COST ↓

Indirect Benefits

- Ability to self host with our own domain name

RISK ↓
- Constant evolving DMS system with new free features

COST ↓
- Easy adaptability of Brainframe to our customer's needs

COST ↓

TCO: Maximize Savings and more Value over Time

At Brainframe, we realize GRC-related TCO is much more than just licensing or infrastructure costs.

With Brainframe, you will comprehensively address and **minimize all your GRC related costs, incorporating onboarding and constant value addition while reducing your risks.**

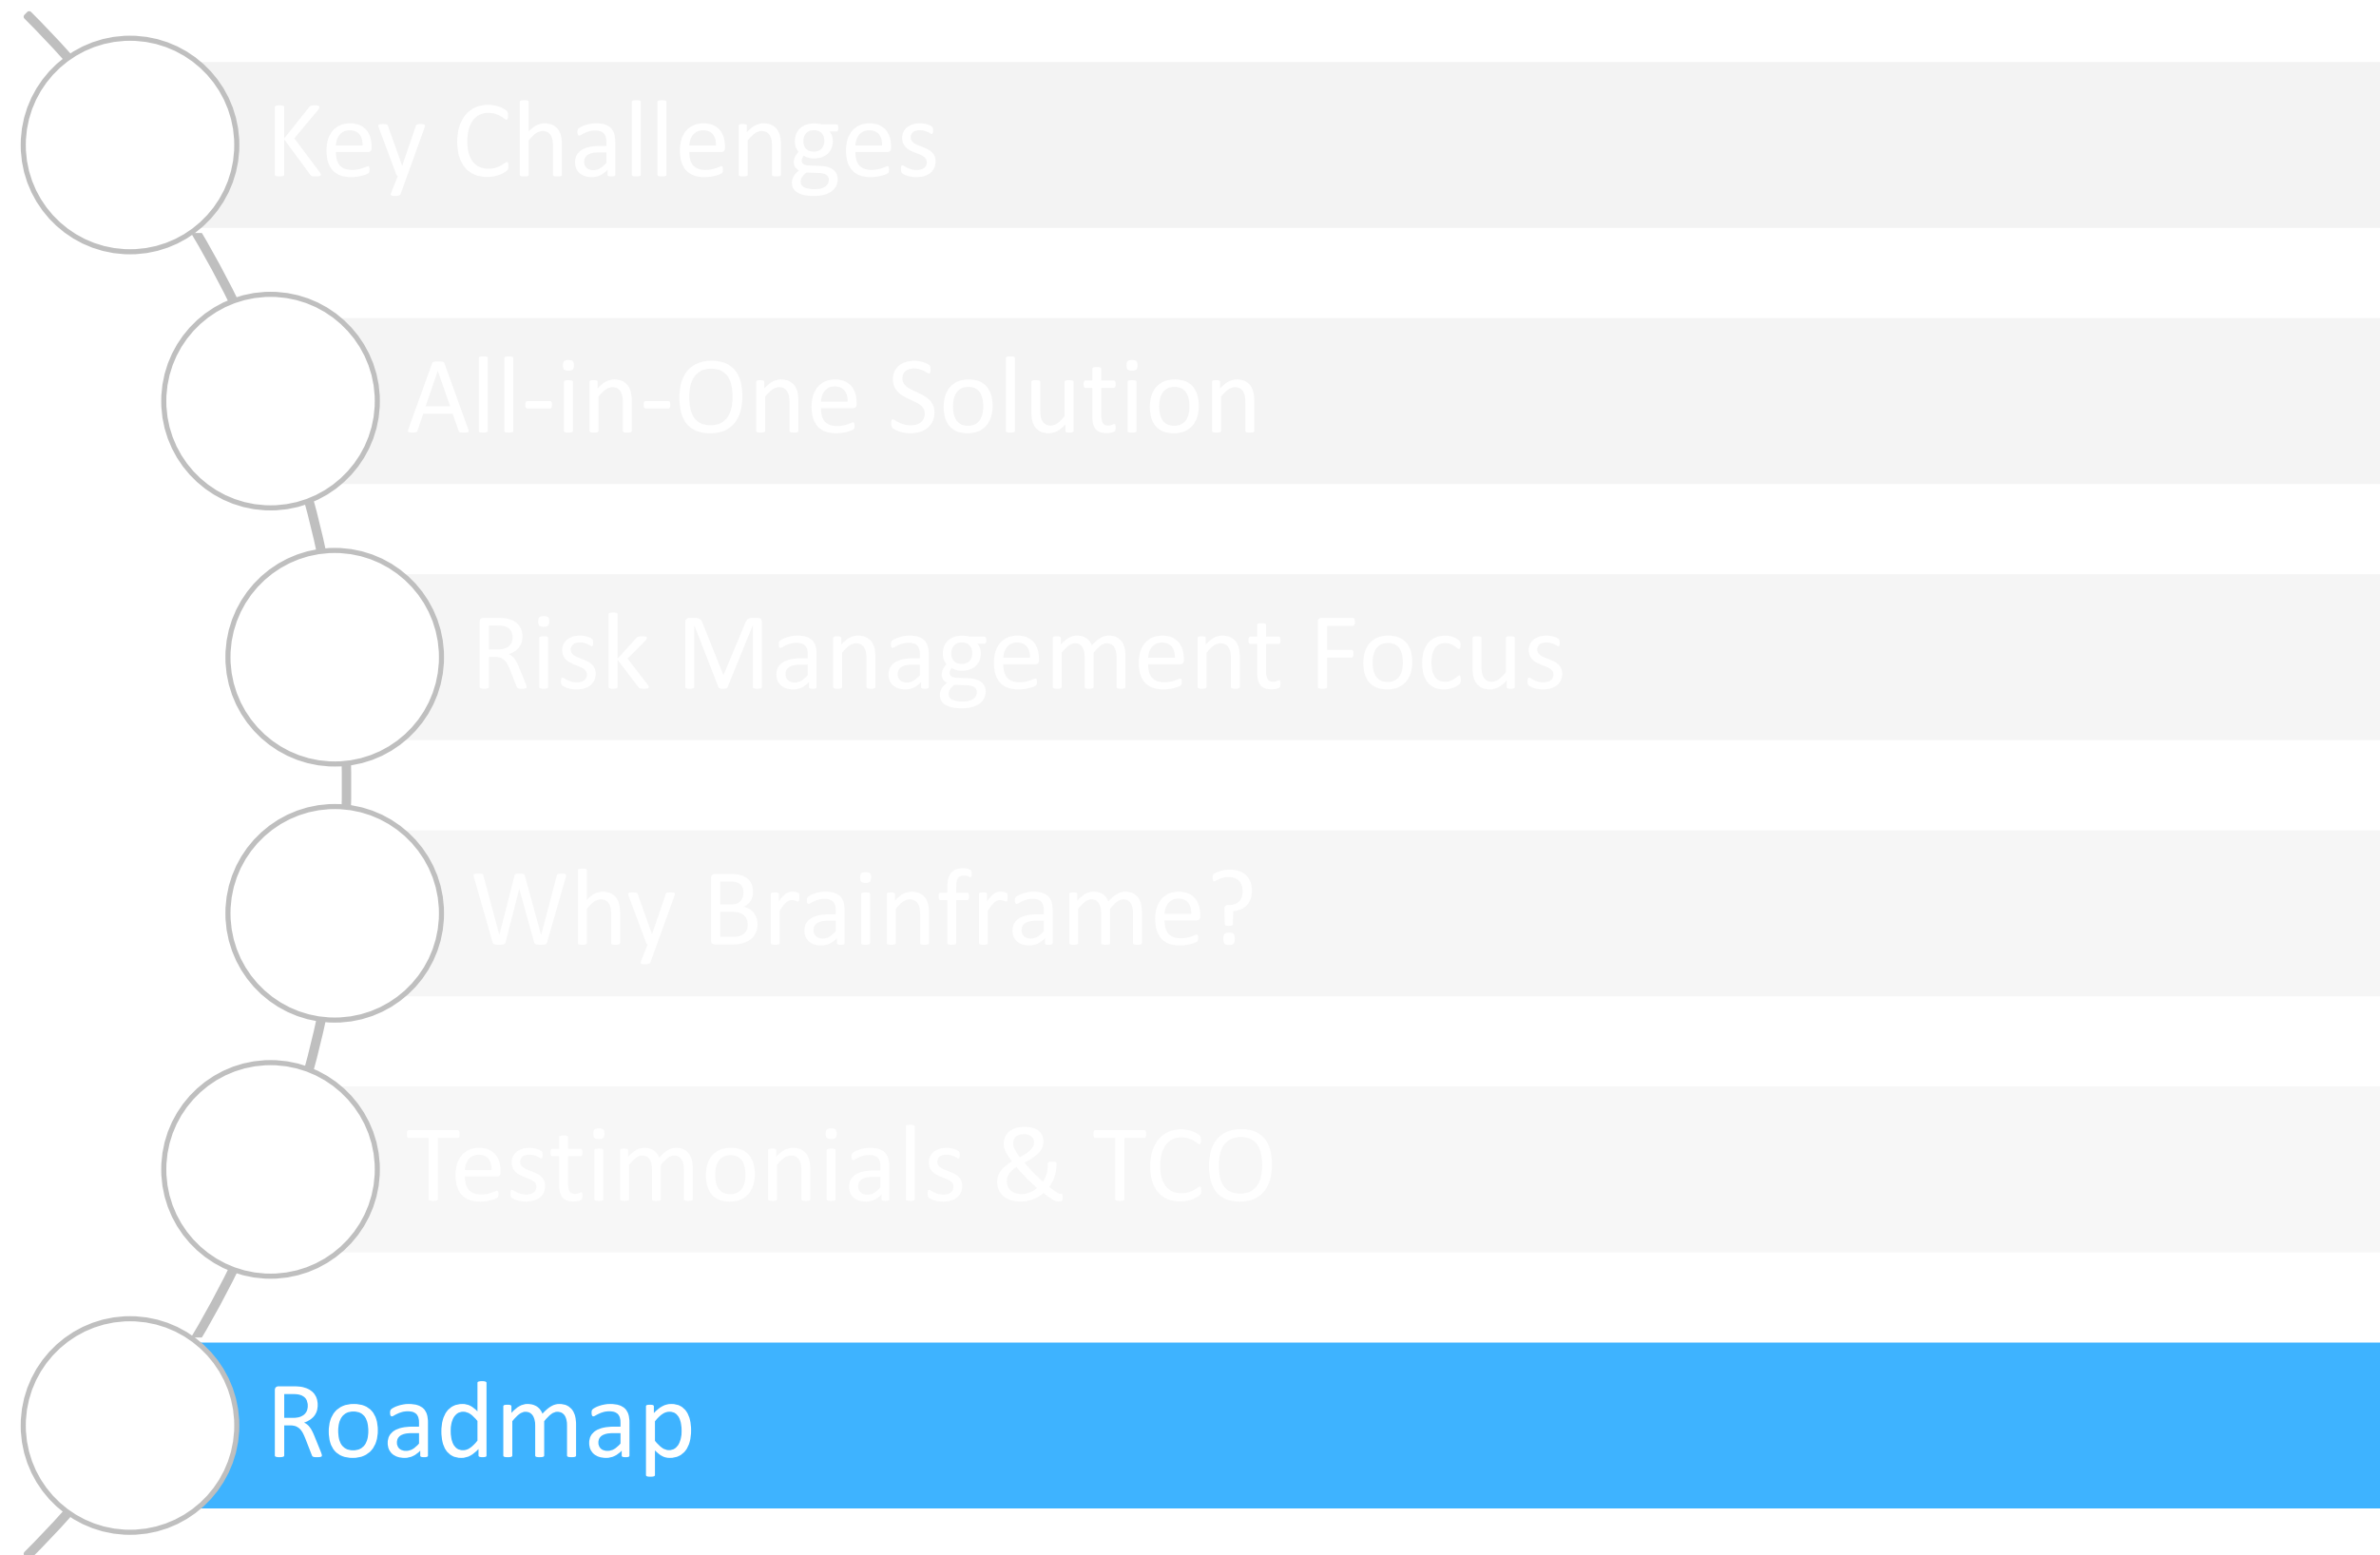

Some of the features that Brainframe implements to keep **your TCO** under control:

- AI power guiding you with best practices, document reviews, auto-documentation
- No development costs for new common features
- No hardware costs (*using cloud solution for optimized infrastructure*)
- No additional maintenance costs
- Just-In-Time access to specialists*
- Community driven knowledge and expertise sharing*
- Consulting & professional services for best practice onboarding
- Standardization of your compliance
- Integrated auditable trace & document storage
- Corporate Knowledge retention with constant auto-documentation
- No additional tools are needed for GRC management

Reduced governance, risk and compliance costs

Agenda

Brainframe Roadmap

You as a customer help define our roadmap by using the integrated ideas/voting system that allows us to keep **focused on your needs**. **Weekly cloud updates** are done using automated agile methods that never impact your operations. The **self-hosted solution receives monthly updates** including all cloud delivered improvements.

Y2023-Q3

Y2024-Q1

Y2024-Q3

Functionality

- Guided onboarding & document generation (policies, procedures, assets)
- Enhanced documentation
- Build your own compliance packages to share with community/customers including flexible rollout planner linked to deadline
- Single sign on (SSO) on cloud & self-hosted
- AI powered document reviews (T&C, DPAs, ...)
- UI/UX rework with central dashboard
- Integrations:
 - Google Docs

- AI powered search & vendor questionnaires
- Just-In-Time access to consultant
- Live content updates using plugins
- Access review & automation
- Internal audit improvements
- Quantitative risk management
- AI powered risk assessment
- Cyber defense matrix mapping
- Brainframe plugin builder

- External auditor view integration
- Business continuity management
- Self-service backups & restores
- Custom report builder
- Gamification
- Folder specific email box for evidence collection

Community

- Creation of open-source resource sharing platform (policies, risk banks, trainings, framework mappings, best practices)
- Freemium access to GRC platform
- Consultant directory

- Supplier directory with Cyber defense matrix mapping
- Brainframe plugins

- Auditor directory
- Security/Compliance events
